WP 3: Station Managers' Forum

www.eu-interact.org

INTERACT Kick-off meeting, Iceland, 24-27 January 2017

Station Managers' Forum

INTERACT's Station Managers' Forum consists of leaders of 78 Arctic and Northern Alpine research stations.

The overall objectives are:

- (i) knowledge exchange
- (ii) implementation of best practices of station management
- (iii) development of improved services for research station users, and
- (iv) development of new technology and methods/procedures relevant for running research stations.

The forum is coordinated by Morten Rasch (University of Copenhagen) and Elmer Topp-Jørgensen (Aarhus University) in cooperation with 78 station managers and other INTERACT participants.

INTERACT's Station Manager Forum was established in 2011 during the first phase of INTERACT.

Station Managers' Forum

Who are we?

78 Managers of research stations and other INTERACT participants

Morten Rasch and Elmer Topp-Jørgensen

Station Managers' Forum

Who are we?

78 research stations in Arctic and Northern Mountain Areas,

- serving scientists,
- cooperating with local communities
- doing in-house monitoring and research
- Providing knowledge on arctic terrestrial environments for stakeholders
- Possessing joint expert knowledge on issues like e.g. run of infrastructures in remote areas, arctic safety, environmental issues etc.
