JRA4. Adapting to environmental change

Aims

- to produce an inspirational guide book for research station managers and local communities
- to develop a deeper mutual understanding of how to work together
- to build integrated local observation systems enabling local communities
- to respond to the challenges of present and predicted environmental change.

Tasks

- T9.1 Design of standardized procedures (M48)
- T9.2 Adapting to climate change and ensuring sustainable use of living resources (M48)
- T9.3 Adapting reindeer husbandry to vegetation change and snow cover changes (M48)
- T9.4 Forestry, hunting and fishing tourism, agriculture and potential new land uses in a warmer climate (M48)

Deliverables

- D9.1 - INTERACT guide for facilitating local adaptation to environmental change (M42)

Milestones

- M9.1 - Case Study 1 (M18)
- M9.2 - Case study 2 (M24)
- M9.3 - Case study 3 (M30)
