Publishable Executive Summary

The third INTERACT Newsletter presents information from month 12 to 18 of the project. It is obvious that all parts of the project is now up and running as there is a lot of progress reported in this Newsletter. The newsletter contains highlights from two INTERACT meetings (the first annual meeting on Svalbard and the third Station Managers Forum in Italy) and our new web site. It also contains updates on our coming TA/RA season summer 2018 and updates from the joint research activities on Drone development and the rapid environmental emergency. INTERACT has continued to grow with a new Observer Station from Canada and a new unfunded joint research activity on unmanned research stations have joined our network through the IK Foundation. News on meetings where INTERACT has been represented and future meetings where INTERACT will be present is also presented in the newsletter. Finally, news from the stations such as information about new projects is published.
The ECN Cairngorm site featured in a recent science review—INTERACT Transnational, Remote and Virtual Access

INTERACT part of the Arctic Cluster

INTERACT at International PhD School

INTERACT will also be represented at several meetings throughout the next couple of months:

- UArctic Congress, Oulu, Finland 5 September
- AGU Washington DC, USA 10 December
- MOSAiC, Quebec City, Canada 14 November
- MOSAiC, Quebec City, Canada 12 October, 2018. Further information from the field school
- POLAR FORUM 2017, Stockholm, Sweden
- CIRC PLUS General Assembly 22 March 2018. This Station Managers workshop on Zero Emission Research Stations and a one day meeting of all Station Managers in Sweden
- 1st Annual Meeting 25 October 2017 with the General Assembly meeting, UNIS, Svalbard

Our resources

- INTERACT website
- INTERACT Virtual Access single entry point
- INTERACT Transnational Access (TA), Remote Access (RA) and Virtual Access (VA), is currently available to 11 station groups.
- Visit the INTERACT website, and follow the groups on Facebook, Twitter, Instagram, LinkedIn and YouTube.
- The INTERACT metadata. Visit the INTERACT Virtual Access single entry point
- Fourteen groups will conduct research at 36 stations with the support of the Transnational Access (TA) and Remote Access (RA) and Virtual Access (VA) program. INTERACT will also be represented at several meetings throughout the next couple of months.
- INTERNATIONAL POLITICAL ECONOMY OF THE ARCTIC
- POLAR FORUM 2017, Stockholm, Sweden
- CIRC PLUS General Assembly 22 March 2018. This Station Managers workshop on Zero Emission Research Stations and a one day meeting of all Station Managers in Sweden
- 1st Annual Meeting 25 October 2017 with the General Assembly meeting, UNIS, Svalbard

The 1st Annual Meeting took place in late October in Tromsø, Norway. It was hosted by the Norwegian-based Arctic and Antarctic Research Institute (FFI) and included discussions on the future of the Arctic, the political economy of the Arctic, climate change and the role of the Arctic in the world economy. The meeting also featured a workshop on Zero Emission Research Stations and a one day meeting of all Station Managers in Sweden.
