

Annual Meeting II 24-28 September 2018 Salekhard, Russia

WP3 – Station Managers' Forum

www.eu-interact.org

By: Morten Rasch (Chair) Elmer Topp-Jørgensen

Overall aim of INTERACT SMF

To consolidate, develop and run an expanded Station Managers' Forum (SMF) of managers of research stations throughout the circumpolar Arctic, in northern countries and adjacent alpine and forest regions for

- Knowledge exchange,
- ii. Implementation of best practices of station management,
- iii. Development of improved services for research station users
- iv. Development of new technology and methods/procedures relevant for running research stations.

SMF Tasks in INTERACT II

Task 3.1: Operate the INTERACT Station Managers' Forum as an advanced platform (Morten Rasch, UCPH)

Task 3.2: Creating awareness of the scene (Terry Callaghan, USFD)

Task 3.3: First Class Science Support (Elmer Topp-Jørgensen, AU)

Task 3.4: Enhanced Field Work Preparations and Field Guide (Morten Rasch, UCPH)

Task 3.5: Reducing Environmental Impact of Station Management and Science Activities (Nighat Johnson-Amin, IPF)

Task 3.6: INTERACT Station GIS (Tomas Thierfelder, SLU)

Task 3.1 - SMF as an advanced platform

Progress and tasks ahead

Meetings: 3 of 6 acomplished, 3 to go

Station catalogue – update and new features

- INTERACT GIS: Version I launched in November 2018
- Station 'Street View': Ready to implement across stations
- Station videos: Ready to implement across stations
- New printed version of the catalogue: Deadline July 2019

Research and Monitoring Report update

Task 3.2 – Awareness of the scene

Progress and tasks ahead

Network survey conducted – currently being refined

Linking stations with networks

- Network presentations at SMF meetings (by networks or member stations)
- Identifying network ambassadores among INTERACT stations

Task 3.3 – First Class Science Support

Progress and tasks ahead

Courses for station managers:

 1 Basic arctic fieldwork, 1 detailed course for station managers developed. Two remains.

Mentoring

 Ways of mentoring developed: Network ambassadors, station manager thematic mentors, national networks, Open floor at SMF

Best practices across communities:

- Contacts established, joint workshops, Best practices document

Task 3.4 – Enhanced fieldwork preparations

Progress and tasks ahead

Fieldwork planning handbook:

- Ready for review and comments (SMF 4)
 Practical field guide:
- Template ready for review and comments (SMF 4)

Task 3.5 – Reducing environmental impacts

Progress and tasks ahead

Workshop conducted: SMF 3

Report on reducing emission and examples of good practices

Task 3.6 – INTERACT GIS

Progress and tasks ahead

Version 1: to be launched November 2018 Version 2: including individual adaptations and standard reports to be launched in 2019

WP3 Status – Milestones and Deliverables

Deliverables																												
Deliverable 3.1	Station Manager Forum Meeting Minutes 1																											4
Deliverable 3.2	Station Manager Forum Meeting Minutes 2																											4
Deliverable 3.3	Station Manager Forum Meeting Minutes 3																											4
Deliverable 3.4	Station Manager Forum Meeting Minutes 4																											4
Deliverable 3.5	Station Manager Forum Meeting Minutes 5																											4
Deliverable 3.6	Station Manager Forum Meeting Minutes 6																											4
Deliverable 3.7	Training material and guidelines for four station management relevant courses																											4
Deliverable 3.8	INTERACT report on common best management practices across the terrestrial, marine and atmospheric domains																											4
Deliverable 3.9	INTERACT Field work planning handbook for arctic and northern alpine and forest areas																											4
Deliverable 3.10																												4
Deliverable 3.11	INTERACT report on reducing environmental impact at arctic and northern alpine and forest research stations																											4
Deliverable 3.12	INTERACT Station Catalogue, 3 rd edition																											4
Deliverable 3.13	INTERACT Research and Monitoring Report, 2 nd edition																										1	4 1
Deliverable 3.14	INTERACT Station Catalogue data package and an INTERACT project metadata package for the INTERACT Station GIS System																											
Deliverable 3.15	User manual and software documentation for the INTERACT Station GIS System																											
Deliverable 3.16	Publication of new research station features on the INTERACT website																											4
																												4
Milestones																												4
Milestone 3.1	Establish and coordinate the INTERACT Station Managers Forum																											4
Milestone 3.2	Station Manager Forum 1																											4
Milestone 3.3	Station Manager Forum 2																											4
Milestone 3.4	Station Manager Forum 3																											4
Milestone 3.5	Station Manager Forum 4																											4
Milestone 3.6	Station Manager Forum 5																											4
Milestone 3.7	Station Manager Forum 6																											4_
Milestone 3.8	Awareness of the scene workshop																											4
Milestone 3.9	Expert Staff Training Course 1																								$ \rightarrow $		\square	4
Milestone 3.10	Expert Staff Training Course 2																									4	\vdash	4
Milestone 3.11	Expert Staff Training Course 3																									4	\vdash	4
Milestone 3.12	Expert Staff Training Course 4																									4	\vdash	4
Milestone 3.13	Establishment of INTERACT Station Manager mentorship groups																									4	\vdash	4
Milestone 3.14	Reducing environmental impact of INTERACT stations workshop																									10		

Thank you

for all your help and contributions along the way
