

Technical staff workshop

INTERACT
Station Managers' Forum

Task 2.0 Operate the Station Managers' Forum

Subtask 2.0.2 will increase the mutual knowledge on station management at INTERACT stations through share-of-knowledge seminars on environmental, operational, technical and safety aspects for station managers and/or technical staff

M2.10 Technical Staff workshop (Month 25 – January 2022).

What we suggest:

- Establish a group of station managers (c. 3-5) to plan the workshop

Tasks:

- Decide on format of workshop
(online/physical/both, plenum/break outs/practical/station tour, etc.)
- Decide on timing and location of the workshop
(at SMF meeting/different timing, size/type of station to host workshop – if physical)
- Identify topics to cover and develop agenda
(in cooperation with technical staff at station)
- Identify presenters/session chairs

Online preparation meetings:

First meeting before summer, 3-4 meetings in autumn

SMF Open Floor

Presentations:

Ny-Ålesund Research Station (Christina A. Pedersen)
- New website, Newsletter and GIS system

M&M Klapa Research Station (Zofia Rączkowska)
- Short movie about M&M Klapa

Hornsund Research Station (Wlodek Sielski)
