Images of Arctic Science

“As scientists, we normally tell stories in words, figures and tables in scientific papers, in textbooks, at lectures and in popular science articles. However, many of us – if not all of us – have also experienced the Arctic through our cameras; both for more technical research related pictures and for pictures simply catching the beauty of our workplace and what surrounds it.”

Purposes:

- To strengthen community feeling in INTERACT during COVID
- Produce a book with beautiful pictures from our ‘environment’ to be proud of
- ‘Marketing’ of INTERACT towards relevant stakeholders

Chapters:

1. Arctic Fieldwork
2. Climate Change
3. Glaciers
4. Landscapes
5. Local Communities
6. People
7. Remote Field Camps
8. Research Stations
9. Wildlife and Plants
