

## Educational Toolkit: The polluted Arctic

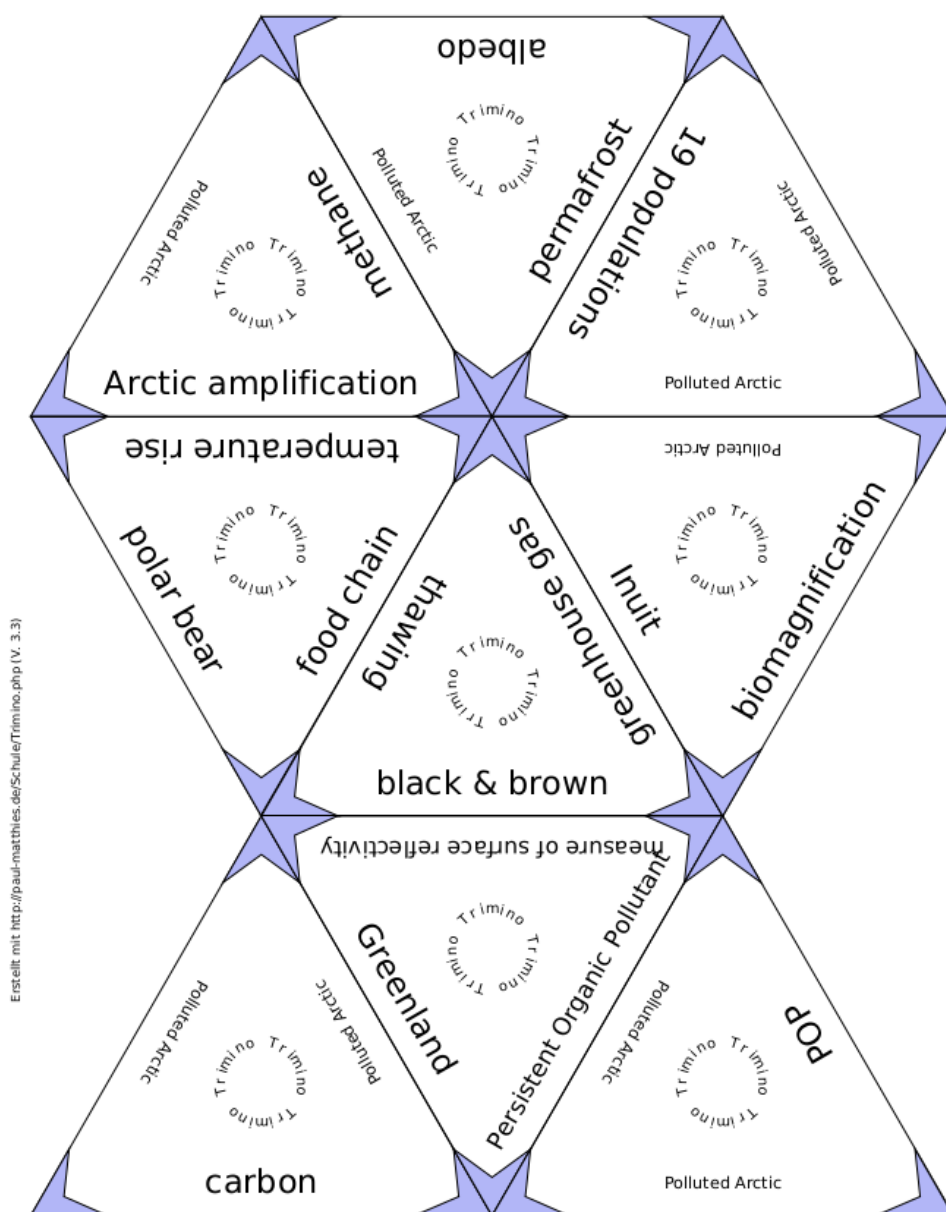

Author: Dagmara BOŻEK, [dbozek@igf.edu.pl](mailto:dbozek@igf.edu.pl)

# Game

**1. Cut out the triangles from page 2 and arrange them like dominoes – put the words that go together the most into pairs.**

Here you can find correct answers:

- Carbon -> black & brown
- Methane -> greenhouse gas
- Permafrost -> thawing
- Arctic amplification -> temperature rise
- Albedo -> measure of surface reflectivity
- 19 populations -> polar bear
- Biomagnification -> food chain
- Inuit -> Greenland
- POP -> Persistent Organic Pollutant
